

International Conference Presentations

90. S. Venugopal Rao, “Large picosecond nonlinearity in gold nanoparticles synthesized using Coriandrum Sativum extract,” SPIE Optics + Optoelectronics, Prague, Czech Republic, 18-21 April 2011. (POSTER)

122. S. Venugopal Rao “Femtosecond and continuous wave nonlinear optical properties of (H2)SnPc, Sn(OH)2Pc, Sn(Cl)2Pc studied using Z-scan technique,” *Photonics West* 2009, USA. (POSTER)

National Conferences Presentations
